

FOOTPATHS OF THE HOLY MOUNTAIN

FROM AGIOU PAVLOU TO DIONYSIOU

Distance: 2.7 km Journey Time: 1 hour

© The Friends of Mount Athos, 2007 – 2018. All rights reserved. – Version 1.3.1

Apart from a small stretch of traditional *kalderimi* at the very beginning, the first half of this attractive journey is almost entirely on an unattractive broad track. But the fine views of *Agiou Pavlou* Monastery and Athos summit compensate for this. The second half is on a footpath which is parallel to the sea along the edge of a cliff. This footpath offers spectacular views down the coast and up to the mountain.

Note: All distances given (in metres) should be taken as approximate. The numbers shown in the form **1** are Waypoints to be found in associated **GPS tracking**. The route described is liable to unpredictable change: for example, forestry work, road or track construction and plant growth may alter the route, or its appearance. Signposts may disappear or new ones appear. The Friends of Mount Athos strives to keep this description correct and up to date but cannot take responsibility for its accuracy.
