

FOOTPATHS OF THE HOLY MOUNTAIN

FROM PHILOTHEOU TO KARYES and KOUTLOUMOUSIOU

Distance: 9.7 km Journey Time: 3 hours

© The Friends of Mount Athos, 2007 – 2017. All rights reserved. – Version 1.6.1

WARNING: *Crossing the bridge close to Philotheou **3** may be difficult or/and dangerous. As of May 2017 the wooden structure of the bridge was rotten, slippery and might give way when stepped on. Anyone crossing the bridge (which is not recommended) must use extreme care and step only where metal beams support the wooden structure. Finding an alternative way to cross stream may be difficult.*

This route mostly follows the contours of the mountain, although there are one or two steep places. While the initial and final sections are mainly along traditional *kalderimi* paved stone paths, a long middle section follows a road. But there are fine views from the road down to *Iviron* and along the adjacent coast.

In one section the footpath requires a difficult crossing of a stream, so an alternative route by road to avoid it is also described.

Note: All distances given (in metres) should be taken as approximate. The numbers shown in the form **1** are Waypoints to be found in associated GPS tracking. The route described is liable to unpredictable change: for example, forestry work, road or track construction and plant growth may alter the route, or its appearance. Signposts may disappear or new ones appear. The Friends of Mount Athos strives to keep this description correct and up to date but cannot take responsibility for its accuracy.

Description of Route:

Walk (m) And then . . .

1 Turn L out of ***Philotheou Monastery*** entrance, with Monastery wall on L. At the end of the wall, bear L on K, passing between buildings ahead.

2 Cross track and KSO across open area, passing cemetery chapel on R to reach stone wall ahead. FP starts at gap near R end of the wall, immediately to the R of an inlaid red brick cross.

FP soon bears L (signed *Ivion*, *Koutloumousiou* and *Karyes*), contains increasing amounts of *K* and descends into steep valley.

290

3 Cross bridge with waterfall and fountain on L. Continue on FP (initially *K*), now climbing steadily up the opposite side of the valley.

Warning: Crossing bridge may be difficult or/and dangerous. Please read the note on the front page of this path description.

600

4 Emerge at broad track and turn L (signed).

540

8 KSO at crossroads (signed *Karyes*, *Ivion* and *Skiti Ivion*), ignoring tracks to L and R.

Note: The FP to the L was being used for logging in May 2014 and is likely to fall into disuse.

400

16 Descend steps to join track, turning L along track towards *kellion* (on R).

25

17 In front of *kellion* where track turns L there is a choice:

To take FP Route with difficult stream crossing.

Turn R toward *kellion* gate and then L downhill in front of gate on FP.

Caution: Crossing is difficult and subject to change – great care needed.

350

20 FP emerges at clearing with building to R ahead. Turn L onto track passing between cliffs.

60

21 At road, turn R along road.

150

26 In front of building 20m after crossing bridge, turn L and bear immediately R, keeping wall of building on R. Reach ***Koutloumousiou Monastery*** wall and turn L to follow wall.

100
