

FOOTPATHS OF THE HOLY MOUNTAIN

FROM VATOPEDI TO HILANDAR VIA ESPHIGMENOY

Distance – 12.8 km. Journey Time 3¾ – 4¼ hours

© The Friends of Mount Athos, 2007 – 2017. All rights reserved. – Version 1.4.1

The journey to *Esphigmenou*, with fine views and scenery, divides into three roughly equal sections. The first section is along the coast; for the second, the route turns inland and climbs up a wooded valley to the pass. Both these sections are mainly along historic *kalderimi* or stone paved paths. For the final section, the path has been superseded by a forest road which descends steadily, partly along a ridge, to the *Monastery of Esphigmenou* and the sea.

The short, pleasant journey on to *Hilandar* is a through olive groves, vineyards and fields with cypress trees, entirely at low altitude (no more than 70m) . Although it consists only of tracks and roads, the peaceful scenery and the views towards the sea and *Milutin Tower* compensate for this. A detour leads to *Milutin Tower*, *Hilandar Arsanas* and the cell of *Agios Vasilios* on the shore.

Note: All distances given (in metres) should be taken as approximate. The numbers shown in the form **1** are Waypoints to be found in associated GPS tracking. The route described is liable to unpredictable change: for example, forestry work, road or track construction and plant growth may alter the route, or its appearance. Signposts may disappear or new ones appear. The Friends of Mount Athos strives to keep this description correct and up to date but cannot take responsibility for its accuracy.
